www.HealthITDirectory.com

INTRODUCTION

As our health care system continues to transform at an astounding pace and stakeholders work together to improve care and manage costs, finding the right technology to drive and support those changes is more critical than ever.

AHIP's IT Directory, powered by DistilINFO, is designed to be a desktop consultant, easy to search and use to find the solutions providers who can deliver results. Whether you choose to use the online version, e-book, or pdf, it'll be your go-to guide for IT and business solutions.

Choose the category of service, and start searching for best-in-class companies who are ready to work with you.

The Health IT Directory is organized by area of service; the following are the key service categories:

Consumer Experience

Solutions for consumer engagement to drive consumer centricity.

Core Payer Systems

Core payer processing platforms – claims, benefits, enrollment.

Cyber Security & Risk

Cyber security products, services and consulting companies.

Health IT Services

Health care application integration, management and support services.

Healthcare Analytics

Data analytics, big data and business intelligence providers.

IT Infrastructure Services

Data center, network, hardware and infrastructure monitoring and support services.

Regulatory Solutions

HIPAA, ICD-10 and other health care regulatory solution providers.

Value Based Care

Population health, patient engagement and care management service providers.

Key Executive Bios

John Driscoll

Dr. Michael Cantor

John Driscoll brings more than 25 years of health care experience to CareCentrix as CEO. Prior to CareCentrix, John served as President at Castlight Health, a healthcare technology company. Previously, John served as Group President for new markets at Medco (a \$70 billion Pharmacy Benefit Manager). He led product development for employer and health plan clients. During his years at Medco, John was part of the senior management team that spun Medco out of Merck, building an enterprise that was named as the most admired company in healthcare services by Fortune.

DR. Michael Cantor, Chief Medical Officer at Carecentrix, Dr. Cantor is a geriatrician and attorney with extensive experience in designing and implementing population health and quality improvement programs for health plans and healthcare providers. Most recently he served as Chief Medical Officer (CMO) for the New England Quality Care Alliance (NEQCA), the 1,800-physician network for Tufts Medical Center in Boston, where he managed network-wide population health and quality improvement programs. He also served as founding Medical Director for the NEQCA Medicare Shared Savings Accountable Care Organization (ACO).

	<p>Softheon, Inc. designs and deploys federal and state health insurance exchange marketplace interaction and integration solutions. The company offers a variety of Software-as-a-Service (SaaS) and Business Process as a Service (BPaaS) solutions, which allow insurers to pay a one-time activation and ongoing per-member permonth fees. Softheon has provided end-to-end tracking, monitoring, and reporting of business activities for individual and small group enrollment, financial management, and customer relationship processes. Understanding that healthcare is constantly evolving, Softheon’s solutions can be deployed and configured within 90 days. This agile development process positions us to quickly adapt and adhere to the latest regulatory developments. Continuing their history of success, Softheon is proud to be trusted by 37% of healthcare payers participating on public exchanges and to manage 24% of their membership.
